

Prosci® Workshop: *Delivering Project Results*

The number one contributor to large-scale project success is managing the people side of change. Since 2002, Highlands Consulting has helped our clients follow a structured approach to organizational change management, resulting in faster adoption, higher return on investment, and improved customer service.

Focused on Project Team Results

The Prosci® Delivering Project Results Workshop introduces change management to project team members. The one-day program defines change management in a framework familiar to project teams: Objectives, Scope, Work Streams, Milestones, Deliverables, and Timelines. The Workshop will help:

- Build a common language and vision of change management
- Build support for change management with project teams
- Engage project teams in creating change management deliverables
- Set the stage for how project teams can get additional support on change management within your organization
- Kickoff a project with a focus on user adoption and usage

Intended Audience

Highlands Consulting offers this Prosci® workshop at your office location based upon your project team's unique needs and roles:

- Project Teams
- Project Leaders
- Solution Developers
- Lean and Six Sigma Practitioners
- Operational Excellence (OE) Practitioners
- Organization Development (OD) Consultants
- Employees that need awareness, context, and a language for change management but do not yet need the full toolset

About Highlands Consulting

The Highlands Consulting Group provides management consulting services, including organizational change management (OCM) training to public and private sector clients.

We are the only Prosci® Authorized Training Provider based on the West Coast.

In addition to Prosci® training, we provide project-specific consulting to address change readiness, change management strategy, communication planning, and performance measurement - before, during, and after a change effort.

About Prosci, Inc.

Prosci, Inc. is the world leader in change management research and methodology development. Their research has included eight longitudinal studies over 16 years, resulting in best practices from more than 3,400 organizations worldwide. The Prosci® Methodology is considered the de facto standard by many Fortune 100 companies and some of the nation's largest government organizations.
