

Onsite Prosci® Training: *Delivering Project Results*

The number one contributor to large-scale project success is managing the people side of change.

Highlands Consulting offers a 1-day program for team members, project managers, and solution leads that drive change. This results-oriented course introduces change management to project team members.

Program Objectives

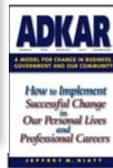

The program is highly interactive, where students participate in discussions, and activities regarding real-life changes happening within their organization. Students will:

- Understand how change management drives better adoption and usage
- Build a common framework and vision of change management
- Connect their project results and success to team member adoption
- Explore ways to integrate change management tasks and responsibilities into the overall project work plan and schedule

Program Materials

- Program Workbook, Assessments, and Handouts
- Change Management: The People Side of Change
- ADKAR: A Model for Change in Business, Government and our Community
- Change Management Blueprint
- Recorded Webinar: Integrating Change Management and Project Management

About Highlands Consulting

Since 2002, Highlands Consulting has helped our clients follow a structured approach to organizational change management, resulting in faster adoption, higher return on investment, and improved customer service. We successfully applied the Prosci methodology to a \$500 million project in 2007, and in 2010 were selected to be **one of only four Authorized Training Providers (ATPs) in the nation.**

Highlands Consulting offers the full complement of organizational change management consulting and training services to public and private sector clients.
